## Voting At School Election Urged

### More Court Executions Issued as Collection Of Back Taxes Goes On

#### Past Executions Bring Rapid Payment of Delinquent Tax and Costs

Two more executions were issued last evening by Justice of the Peace Herbert Litchfield and will be used to levy on automobiles for failure of the owners to pay their personal property tax.

In the meantime more summonses have been issued, and Judge Litchfield says he intends to continue the process until the 220 collectible items are paid.

Two executions of judgments last week were paid.

Anton Klostaris of Beach Grove road, who threw the legal paper back at Constable Peter Matteoni and locked the doors of his house and garage against him and the deputy sheriffs, walked to town the next day (Friday) and paid the tax and court costs.

He had been informed that his car would be attached the minute it was taken onto the highway.

Execution of judgment has made the delinquent tax payers aware that the township means business.

Judge Litchfield has been notified by some that they are scraping together the money to pay their indebtedness.

### Camp Lake Resident Killed While Hunting Deer in Ashland Co.

A Camp Lake resident, Ernest LaFollette, 37, died Friday of accidental gun-shot wounds received Thursday while deer hunting in Ashland county.

The shot was fired by LaFollette's brother-in-law, Charles Allender, Twin Lakes, according to Sheriff Ed McDonald, who said the two men fired at the same deer from opposite directions.

The bullet struck LaFollette in the right side just below the ribs and came out the left side.

The accident occurred just 15 miles south of Ashland, Wis. Members of the party of 16 Kenosha county hunters made a stretcher from poles and jackets and carried LaFollette three miles to a highway and placed him aboard an ambulance that took him to Ashland. He died the next day, however.

LaFollette had lived at Camp Lake three years, moving there from Twin Lakes. He was employed at Johnson Motors in Waukegan.

Surviving are the widow, Evelyn, and three sons, Steven, 14, Roger, 12, and Gregory, 2.

### Central Beats Wilmot In Basketball Opener On Falcon Ct. 46-33

Salem Central won the first round in the neighboring basketball battle last Friday evening with Wilmot by a score of 46 to 33.

The victory may be explained in part by the fact that Central hits the hoops at a .350 clip while Wilmot's record was but .275.

As is usual in first games there was much fouling, and key players had to play under this handicap.

Ray Lubkeman, a Central letterman, and Ron Cates, 5-6 sophomore led the scoring for the Falcons with 16 points each. For the Panthers, Wally Partenheimer, a 6-2 forward, who made the all-Southern Lakes Conference football team, was high point man, with five baskets and five free throws.

The first quarter ended in a tie 11-11, but in the second quarter the Falcons held the Panthers to 2 points, and the half ended 23-13.

Wilmot came back strong in the third quarter and narrowed the gap to 24-21, but Yates swished in a couple and the quarter ended 30-23. In the final quarter the Panthers still had hopes, when they trailed 34-28, but the fouling that accompanied the late rally proved fatal.

Last night Central played its first conference game in entertaining Menomonee Falls, while Wilmot will wait until Friday night to display its new red uniforms in play against the alumni.

### Masons to Install New Officers Saturday Night

Clarence Larson will be installed as master of Sequoit Lodge 827, Ancient Free and Accepted Masons at 8 p. m. Saturday.

To be installed with him are Wayne Polsgrove, senior warden; Harold Wilson, junior warden; John Gaa, secretary; Charles Mapletorpe, treasurer; Edward Hofkamp, senior deacon; Wesley Gillum, junior deacon; Roy Lokke, senior steward; Harold Klevin, junior steward; Marvin Heath, chaplain; Harold Wilson, Jr., marshal, and Milton Parks, tyler.

### Sequoits at Richmond; Lose to Dundee 76-67 Frosh-Soph, J-Vs Win

The Antioch Sequoits take on Richmond High tonight (Wednesday) in their third attempt to gain a victory in non-conference play after having lost to Dundee there Friday in a rough and tumble game 67 to 76.

Antioch had the Dundee game well in hand during the first half wherein the Sequoits took the first quarter 15-13 and the second 16-10 for a 31-23 half-time score.

Then the Dundee basketballers gave way to the football players on the squad and the rest of the game was spent walking back and forth between the two free-throw markers. Dundee took the third quarter 23-15 and the fourth 30-21.

Antioch was better on the free throws than she was at the last game. Both teams had about the same percentage of field goals, but Dundee got more shots.

In the preliminary the Frosh-Sophs won from the Dundee underclassmen in an overtime game 48-46. The Braves previously lost a double overtime game and this evening things up.

The Junior Varsity played the Grayslake Junior Varsity at Grayslake Monday and won 48-36. Pacing the Antioch J-V's were Jim Oilschlager and Pat Roach with 12 points each. Jim Portalski played a good floor game and contributed (continued on page 7)

### Handel's Messiah Part Of Christmas Concert At High School Oct. 8

Climaxing the Christmas "Gift" Concert of Antioch High School will be portions of the Christmas part of Handel's Messiah. The concert will be held at 3 p. m. Sunday, Dec. 8 in the high school auditorium.

Following the concert a reception will be held in the boys' gym. The public is cordially invited to attend the concert and reception.

Soloists for the Messiah selections are as follows: Ingeborg Weighart, soprano; Melody Midgley, alto; Ron Peters, tenor; and Frank Denison, bass. Many adults from church choirs in the community are joining with the high school choruses to sing this great sacred music.

Members of the Antioch High School bands will open the program with Christmas carols and Christmas band music.

Kenneth Smouse is vocal director and Louis Chenette is instrumental director.

### Business and Schools Halt For Celebration Of Thanksgiving Day

Preparations were made by Antioch to celebrate Thanksgiving in much the usual fashion as this issue of the Antioch News went to press.

To some who will not get delivery of the paper until Friday, Thanksgiving, and its big dinner and other celebrations will be a memory. To those who get it at the news stands, the celebration is yet to be. To the children who have the entire week-end as a vacation it was a much desired rest from school work, and this was shared by the teachers.

Most business houses will be closed Thursday and only those serving food or drugs will be open and they but a part of the day.

The Union church service at the Antioch Methodist church at 9:30 a. m. Thursday will be conducted by the pastor, the Rev. Howard Benson. The Millburn Congregational church will unite with the Methodists in this service.

Thanksgiving parties will continue into the week-end. The V.F.W. and its Auxiliary have scheduled a party for Saturday evening.

### Izaak Walton League Chairman to Speak at American Legion Home

Edward Cooney, national membership chairman of the Izaak Walton League, will be the guest speaker at the next meeting of the Antioch post, American Legion at the Legion Home at 8:45 p. m. Thursday, Dec. 5.

Cooney was formerly with the Illinois Department of Conservation.

Fishing, hunting, reforestation, and anti-pollution of our lakes and streams are subjects to be covered in Cooney's talk. A 30-minute movie will be shown.

All Boy Scouts, fishermen, and hunters are invited to attend.

### Randall PTA To Meet On Wednesday, Dec. 4

Randall Consolidated P. T. A. will hold its regular meeting on Wednesday, Dec. 4 with a pot luck supper at 7 p. m. at the Bassett Town hall. Those attending are asked to bring their own table service, a dish to pass and a 25c gift for exchange. Dessert and coffee will be served by the Kindergarten mothers.

A Christmas music program will follow the business meeting.

### Level Trees to Enlarge Village Parking Lot; Proposal Made to Meter All-Day Reservations

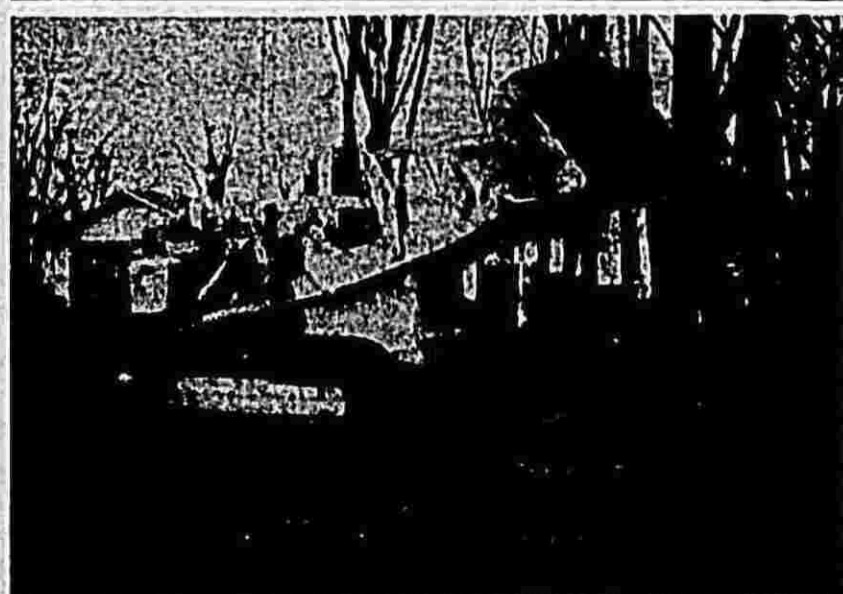

#### Methodist Men's Club To Meet December 2; Plan Musical Program

The Antioch Methodist Men's Club will meet for supper at 6:45 p. m. Monday, Dec. 2 at the church.

The supper will be followed by musical entertainment and community singing led by Kenneth Smouse and Charles Watson.

After the entertainment there will be a short business meeting.

#### Large Earth Remover Used to Level Trees

This large caterpillar earth mover belonging to the Wauconda Construction Co. was used to level trees at the village property on Broadway to enlarge the parking lot. At the wheel of the big machine is Elmer Kananosch.

#### THANKSGIVING PRAYER

### Santa Claus Will Meet Children on December 7 In Room Formerly Occupied by National Store

#### Winners Announced in Scout Troop 92 Sales Of News Subscriptions

Ronald Van Rooyan won first prize of \$40 in the contest among Boy Scouts of Troop 92 to sell the most subscriptions to The Antioch News.

Don Blackman won second prize of \$20; Jim Gibson, third prize of \$10; and Charles Groeninger, fourth prize of \$5.

The troop itself received more than \$100 as its share of the subscription price.

Others who made sales and have their choice of a baseball glove, football, basketball, or dart board at Gibbs and Jensen's Sporting Goods store, are:

Clement Haley, Clifford White, Kenneth Larson, Jim Berg, Bud Dittman, Thomas Solar, Brian Cranley, Ronald Taylor, John Horton, Bruce Wollpert, Jerry Jacobs, Richard Edean, Stephen Delaney, Joseph Wolf, and James Barnstable.

A party for the troop will be given later by this newspaper.

#### Named Conference End

Wally Partenheimer, a junior at Wilmot High School, was named to the 1957 All-Southern Lakes Conference football team. The 6 foot 2 inch junior end was paired with Ralph Freitag of Delavan on the mythical team. Partenheimer is also a star on the basketball team.

Santa Claus has notified the Antioch Chamber of Commerce that he will land at the Antioch water tower, at 1 p. m. Saturday, Dec. 7. He announced that he would have presents for the children and will receive them in the room formerly occupied by the National Food store on Main street at Lake street.

The Chamber of Commerce announced that there will be a free show for all of the children at 1 p. m. on that day at the Lakes Theatre.

Children may be registered at any Chamber of Commerce merchant for a free helicopter ride. No purchase necessary. Drawing will be Saturday, Dec. 7.

Work of putting up decorations in the business area will be started on Dec. 2. The large candy canes that were so effective last year will be used again this year.

### Walter L. Paske, 65, Lake Villa Resident, Buried Last Monday

Walter L. Paske, 65, of Grand Ave., Lake Villa, died suddenly of a heart attack Thursday, Nov. 21 at 1:30 p. m. Death occurred in Dr. Smith's office at 701 S. Genesee st., Waukegan.

Mr. Paske was born July 19, 1892, in Chicago, moving to Antioch in 1924 and then to Lake Villa in 1932. He was a member of Prince of Peace church, Holy Name society of that church, and the Lake Villa Fire department. Mr. Paske was a retired resort owner.

Mr. Paske is survived by his wife, Celia, one son Edward, and two grandchildren.

Funeral services were held Monday, Nov. 25, at Prince of Peace church with interment in St. Adalbert's cemetery, Niles, Ill.

### Antioch High Aid Up, Grade School Down as Report Made to State

The claim for state school aid filed with State Supt. of Public Instruction by County Supt. W. C. Petty shows increases as the result of increased enrollments.

The total for the county was \$2,631,654.23, and this year's claim is \$85,802.48 greater than last year. Antioch High has an enrollment of 661 with an average daily attendance of 622 during the past year or 94 per cent. The amount asked is \$4,050.90, an increase of \$563.57 over last year.

The Antioch Grade school with an enrollment of 640 and an average attendance of but 558, asked for \$30,051.79, a decrease of \$2,187.50.

Channel Lake will get \$5,663.38, a decrease of \$1,773.90; Emmons, \$1,219.02, an increase of \$132.22; Grass Lake, \$2,624.60, an increase of \$176; Millburn, \$3,186.15, an increase of \$854.12; Lake Villa, with an average attendance of 761, is asking \$84,770.99, a decrease of \$5,637.88.

**FREE MOVIE TICKETS**  
You may be the receiver of free movie tickets if your name is listed in this newspaper. It will pay you to look there for the announcement.

### High School District Asked to Increase its Educational Tax 15c

#### No Building Tax Increase Increased Enrollments Call For More Teachers and School Supplies

Citizens of Antioch Township High School Dist. 117 are urged to go to the polls between noon and 7 p. m. Saturday to vote on a proposal to increase the educational fund tax from 65 cents to 80 cents (a difference of 15 cents) on the \$100 assessed valuation.

No building tax increase is sought as was done in a previous referendum.

Antioch and Newport township voters will cast their ballots at the high school; Lake Villa township residents west of Beck road, at the Lake Villa Grade school; and Lindenhurst residents and those east of Beck road, at the school building in Lindenhurst.

Rising costs in teacher salaries due to increased enrollment and the need for more teachers, together with higher wages in competition to get competent teachers are ascribed for the need for more tax income by 1959 when any increase voted now will be received.

Past expenditures for teachers and the anticipated future expenditure is set forth as follows:

Year 1956-57—\$125,000; 1957-58—\$164,000; 1958-59—\$178,000; 1959-60—\$229,000.

Thus it is seen that more than \$100,000 will be spent year after next when any additional money voted now will be received, than was spent last year.

The income sought is based on an estimated \$39,800,000 valuation in the school district.

A statement by the Board of Education today was made as follows:

**Reasons for Increase**  
The Board of Education is requesting that the citizens of the district vote an increase of 15 cents in the educational fund because:

1. The Board wishes to maintain the present instructional program and to improve the instructional program in the future.
2. The Board wishes to avoid curtailment of the non-academic program. Examples: Music, Dramatics, Athletics, etc., do much for student-teacher morale, spirit and loyalty.
3. The Board wishes to maintain school employee (teachers, janitors, secretaries, cooks) salaries at a level to compete for competent help.
4. The Board wishes to purchase adequate equipment and supplies. (Busses, hall lockers, student furniture) (continued on page 7)

### Antioch High Students Attend University of Chicago Open House

Outstanding high school science students and their instructors were invited to attend an open house at the University of Chicago, last Saturday.

Antioch High School Chemistry and Physics students who attended were Robert Gable, Jim Berke, Alan Moorman, Robert White and Brian Cain. These boys were accompanied by their instructors, Elroy Robinson and Elmo Edwards.

The objective of the trip was to expose bright young high school students interested in science to a major research laboratory. They learned from such noted scientists as Harold Urey that a study of meteorites had determined that the earth is at least 4.2 billion years old. Previous estimates based on the study of radioactive decay or uranium into the lighter elements radium and lead had placed the age of the earth at 2 billion years.

Students were free to visit more than 30 scientists in their laboratories and were conducted on a tour of the "atom smashing" machine which is used in basic research. It was at this same location that the world's first chain reaction in uranium was produced.

#### Parents Pay Damages

Parents of two Salem boys, aged 10 and 11, have agreed to make up for the damage their youngsters caused at the Salem summer home of Mrs. Edith Stenwell, Chicago. The boys admitted ransacking the cottage, breaking dishes, and smashing four windows.

### A Fitting Thought for Thanksgiving

As your mouth waters Thursday at the sight of the turkey with trimmings, it may be appropriate to remember that there's probably an unseen item on your Thanksgiving menu. It's the modern miracle drug which is responsible for the fact that some loved one is present at all. A child, perhaps, or grandfather, who a generation ago might already have succumbed to such prevalent and deadly afflictions as pneumonia or mastoiditis.

As the Health News Institute recently pointed out, at least 845,000 men, women and children are alive today, thanks to healing agents which even a decade ago were still unknown.

One fitting thought, surely, for Thanksgiving.

### The Rolling Tide of Change

Do you think that retailing is purely a mechanical business—that all you have to do is stock some goods, open the doors, and wait for the trade to flow in? If so, the theme of the forthcoming 47th annual convention of the National Retail Dry Goods Association may give you a new idea. That theme is: "Changing Concepts and New Opportunities in Retailing."

This isn't just a catch-phrase. For it is true of retailing, as of so many other human affairs, that nothing is constant but change. The whole system of mass distribution at a low unit cost, which the chains pioneered and which other forms of retailing have adapted successfully to their own operations, is hardly more than a generation old. And yet all manner of important changes are going on today. The movement of people into the suburbs has caused something of a retail revolution in many areas. So has the modern demand for great expanses of parking space. So has the growth of new-style shopping centers. The public is fickle and demanding. It wants the best of service, the widest selection of goods, and the lowest prices. It goes where those wants are best met—and dust gathers on the counters of stores which fail to keep up with the rolling tide of change.

This is another way of saying that retailing, in all its manifold branches, is as competitive an industry as anyone can think of. Every retailer is continuously trying to think up inducements that will attract trade from his competitors down the street. The vast benefits are reaped by Mr. and Mrs. America, the consumers, in quality, price and variety.

### Find the Strength for Your Life

America is a nation of strengths. Its industrial might gives her people the highest living standard in the world. Its powerful defenses safeguard her heritage of independence and freedom.

America is a nation of strong people. They have courageously resisted cold war tactics of an alien doctrine. They have bravely stemmed the advances of aggressors.

America is a nation of shining ideals. It has held proudly in trust "the preservation of the sacred fire of liberty," as George Washington called it. It has

always been a nation "under God," as the Pledge of Allegiance states.

America is a nation of growing spiritual strength. In its early years, hardly more than a tenth of its citizens were connected with religious groups. Since then we have put on much spiritual armor. Today 60 per cent of us are Church and Synagogue members. More than half of us attend worship services regularly. We are on the high tide of deepening interest in religion.

A French visitor to our shores in 1830, Alexis de Tocqueville, expressed his amazement at the power religion exerted upon the life of the nation. He found in America that the spirit of religion and the spirit of freedom "were intimately united and that they reigned in common over the same country."

Thus did the French writer discern the source of our strong freedoms—our recognition of our dependence upon God. In our own day President Eisenhower has called for "a frank acknowledgment of our faith that He can supply that additional strength which, for these trying times, is so sorely needed."

During November, Americans are urged to do just that. The month is set aside as Religion in American Life Month. During this period a nationwide program, including observances in thousands of communities across the country, emphasizes the importance of religion in personal, family, community and national life. The program is the ninth annual one sponsored by the committee on Religion in American Life, a non-sectarian laymen's group composed of members of the major faiths and supported by 24 national religious bodies.

Let this be our opportunity to help keep ourselves and our nation spiritually strong. Take to heart the RIAL theme, "Find the Strength for Your Life . . . Worship Together This Week."

### Last Straw

The Saturday Evening Post has something worthwhile to say about socialized electric power, using the Tennessee Valley Authority as an example.

That magazine observes in a lead editorial: "What millions of Americans have scarcely noticed is the development of TVA from a Federal project to utilize water power for a variety of purposes into a gigantic power monopoly dependent for more than half its output on steam plants and not on water power at all. Just why the taxpayers of the nation should be expected to finance the expansion of steam-produced electric power in competition with private industry cannot be explained by the purposes for which TVA was created—namely, development of the hydro-electric resources of the area. . . ."

What has happened, in other words, is that TVA—using the money of all the taxpayers, and operating on a virtually tax-free basis—has grown to an extent that would have amazed those who advocated it in the beginning. And that always happens when the government goes into business on one pretext or another. There are no limits to the ambitions of the socialists and socialist-minded—and no limits to the amount of public money they are eager to spend in the march toward a totalitarian state.

The next great step forward in power development lies in generation from nuclear sources. And the socialists are frothing at the bit at the thought of this. A bill has been passed providing for government construction of four atomic reactors. And the danger is expressed by the Post in these words: "While the statute limits such projects to those specifically named, it does create a precedent for further invasion of private power by the Government. A string of little TVA's . . . could be the last straw. In view of the extraordinary technical progress now being made by private industry in the electric power field, it is difficult to see any reason why the Government should invade it."

### College Freshmen Asked How to Improve High School English Courses

URBANA-CHAMPAIGN, ILL. — Eighteen former Antioch Township High School students, now attending the University of Illinois are being asked by the University of Illinois to suggest ways of improving the English courses in their home town high schools.

They are among about 1,400 University of Illinois students—most of them first-semester freshmen—who are taking part in "brain-storming" sessions Nov. 19 and 20 with their former high school teachers.

Object of the round-table discussions is to seek means by which high school pupils can be trained more effectively to meet the challenge of required college-level courses in rhetoric (English composition).

The University of Illinois Conference on School-University Relations, which sponsors the discussions, is a pioneering series aimed at finding methods of helping young people bridge the gap between high school and the University. These meetings are conducted by the U. of I. Office of Admissions and Records and the Division of University Extension. Prof. Lowell B. Fisher is coordinator.

English teachers, principals, and counselors from 75 selected Illinois high schools have accepted invitations to attend for conferences with U. of I. faculty leaders and with undergraduates from their home communities.

Former Antioch Township High School students participating are Frank L. Albert, William E. Barnstable, Rudolph F. Dörner, Harry F. Miller, Waino R. Riihimäki, Janet

G. Rogers, Richard W. Sreh, and Ray F. Van Patten.  
Others are Albert W. Herman, Mary K. Herman, Stewart W. Hol-

locker, James A. Holt, Henry K. Kapell, Carol Ann Loftus, James J. McMillen, Judith A. Romer, Robert M. Seekatz, and Will F. Terry, Jr.

## Help Stork Make Debut - On Right Side of Ledger

Nothing can compare with the happiness of a home that's expecting a baby. Babies however do cost money! So if you're going to be blessed with a visit from the stork, it's a good idea to get your family finances in shape for his arrival.

Just what does a new baby cost? And what's the best way of preparing financially to take care of him and his mother? Here are some facts, and a few words of advice, from the family-finance experts of the American Bankers Association.

How much or how little you spend will depend, of course, on such factors as the type and amount of medical care you want or need, and on your income. Generally speaking, however, basic mother-and-baby expenses come to about \$325 for doctor bills and hospitalization. The cost of the layette depends on the number and selection of articles, and although you can spend up to \$125 or more, the average figure is usually between \$35 and \$50.

Furnishing the nursery with crib, mattress, chest or chifforobe and other equipment will cost up to about \$150. As for food and upkeep during the first year, \$10 to \$20

a month should cover the cost of feeding your new baby on a formula, medical check-ups, diaper service, clothing, drugs and incidentals.

After adding up these costs, your next step is to determine what funds are available to meet them from such sources as your family savings account, U. S. Savings Bonds, and group hospitalization. Then, by comparing your estimated costs with the total of available funds, you will know how much more you will need by the time the baby arrives.

To make certain that there's the necessary cash, you should arrange either to start a special savings account or increase your deposits in your present account to meet the extra costs. And the easiest way to do this is to set up a simple

"Stork Savings Schedule." Just divide the additional amount you will need by the number of months remaining before the baby's birth month, and start depositing that amount in your savings account regularly each month. Your new baby will then make his debut definitely on the right side of the ledger!

## Highway Scholarships Offer \$4,000 oa U. of I.

Applications are now being received for two \$4,000 scholarships in highway civil engineering to be awarded by the Associated General Contractors of Illinois for students entering the University of Illinois next fall. They are the largest

scholarships available in the University.

They open training in a field which, with expansion of the country's road system, offers almost unlimited career possibilities and has an acute shortage of trained men. Details of the scholarships have been sent to high schools of the state, and applications are available from

the Associated General Contractors, 319½ S. 6th St., Springfield.

In the fertile regions of southern Europe, about 100 B. C., white bread was quite common. In fact, we're told that Roman debutantes and matrons wore bread packs at night to preserve their delicate complexions.

### Penny Social at Grass Lake School Friday, December 6

Save your pennies for the third annual Christmas Penny Social at the Grass Lake School on Friday evening, Dec. 6. Plan to bring the children out for an evening of fun to begin the holiday season. The excitement will start promptly at 8 p. m. and there will be a free grab bag for the children. There will also be prizes and other gifts on display.

The committee has been working hard preparing for this event. Mrs. Jane Powell heads the group with co-workers Mrs. C. Queen, Mrs. George Pierce, Mrs. Michael Wejnolwak, Mrs. Marshall Peterson, Mrs. Wilbert Schaefer, Mrs. James Ferrier, and Mrs. William Zale.

### Be On The Lookout For Hidden Gas Robbers

Whether your car in your garage is the latest high-powered beauty to flash off the assembly line, or a not-so-new model as dependable as an old friend, you naturally want to keep it running smoothly—and economically.

The gasolines you buy today give you a head start, of course, because they're precision processed to make the most of modern automobile engines. But good fuel can be wasted, too. It's up to you to watch out for the hidden gas-robbers of motoring.

Tires that are underinflated just 5 pounds, for instance, can cost you a half gallon of gasoline out of every twenty. Dirty air filters can steal 10 per cent of your mileage. And other common motor ailments such as poor compression, faulty spark plugs, and slow-acting chokes all work to pull down mileage. Regular check-ups at your local service station are the best preventive for these.

And what about your driving habits? An idling motor will use up about one-half gallon of gasoline every hour, but every nervous tap on the gas pedal ups the consumption rate. The fast stop you make because you've been crowding the car ahead takes its toll in fuel.

If you care about your car (and who doesn't) drive it to your neighborhood dealer for regular check-ups. By keeping your car in tip-top working order, he'll help you get more value—and more pleasure—out of your driving dollars.

### Industry Official Warns of Serious Forest Fire Danger

PARIS (Special)—All citizens are urged to help prevent forest fires, now that the critical forest fire season is here, a forest industry leader said today.

A. C. Foley, Chairman of the Illinois Forest Industries Committee, reminded Illinoisans that 10,511 acres of the state's timberlands were scorched in 1956—an average of 42.2 acres per fire—notwithstanding organized protection on over 2 million acres.

Without the organized protection, many additional thousands of acres of timberland would have been blackened, said Foley.

"Both industry and government agencies need everybody's help to stop the wanton waste of our greatest renewable natural resources," said the industry spokesman. "Manpower is limited in the ten fire districts controlled by the Illinois Division of Forestry."

Forest fire danger warnings have been posted in the southern part of the state and along the bluffs of the Illinois river. Serious fire danger has not reached the Rock River lowlands, although more dry weather could bring a statewide alert.

"Dead foliage in our hardwoods provides tinder for an unattended spark," Foley added. "Let's all

In a dramatic scene from Cecil B. DeMille's Production "The Ten Commandments," arriving Wednesday at the Antioch Theatre, Charlton Heston as Moses, Prince of Egypt, makes a decision that contributes to his downfall as heir to the Pharaoh's throne. Answering the pleas of Hebrew stonecutter John Derek and water girl Debra Paget, Moses recruits the Hebrew slaves building the Pharaoh's treasure city and breaks open the stores of grain for distribution to the underfed hordes. The massive starring cast of the DeMille masterwork also includes Yul Brynner as Prince Rameses, Anne Baxter, Edward G. Robinson, Yvonne De Carlo, Debra Paget and John Derek.

make sure that cigarettes, campfires and trash fires are out. Take a moment to be sure that future timber harvests will not be destroyed. Forest fires do more than ruin tomorrow's timber crops; they also destroy hunting, fishing and other forms of recreation."

### Auxiliary News

Antioch Unit, American Legion Auxiliary, met in regular business session Friday, Nov. 22 and much business was taken care of. Delegates to the Tenth District meeting, held in Wauconda Nov. 20, gave reports of the meeting. The delegates attending from Antioch were Nancy Swenson, Louise Radke, Ellen Swenson, Del Jahnke, Carolyn Horan and Dorothy Horan.

#### Purchase TB Bond

The Unit voted to purchase a TB bond, as it does every year, to aid the Tuberculosis Christmas Seal drive.

#### Child Welfare

Antioch unit now sponsors a 10-year old boy, James Lydick, who lives in Betsy Ross cottage at the Children's Home at Normal, Ill.

#### Junior Activity

Candy bars, furnished by members of the Unit, will be made into tray favors for the Junior members, under the supervision of the Junior Activities chairman, Hilma Lightsey. Favors will be taken to Downey for the patients at Christmas time.

#### Birthday Party

Baxter Evans Unit, Waukegan, will celebrate its 25th anniversary, Dec. 5, with a party in the Y. M. C. A. building, 724 Genesee st. All members of Antioch Unit are invited to attend and help celebrate the occasion.

#### Coupons

Saving of coupons has become a big project in the Auxiliary units. Members of Antioch Unit and anyone interested in helping the rehabilitation program are asked to save coupons, stamps, and labels to give to the Unit chairman, Agnes Hills, so she may send them on to the district chairman. The coupons are redeemed for cash which goes into the fund for the Nursery at Downey and the Rehabilitation project.

The following coupons are the ones to save: Octagon Soap Products; Kirkman's Soap Products; Lint Liquid Starch; Rival Dog and Cat Food; Mrs. Filbert's Products; Luzianne Coffee and Tea; Rumsford Baking Powder; Joan of Arc Labels; Borden's Evap. (small) Milk; American Family Soap; American Family Flakes; Pillsbury Products; Raleigh Cigarettes; LaRosa Macaroni Products; Grade "A" Enriched Macaroni; Elbow Spaghetti and Egg Noodles; S&H Trading Stamps; Eagle Stamps; Crane Potato Chips; and Rap-in-Wax paper.

Also, please save Perk, Peak and Vet Dog Food labels for Pilot Guide Dog Foundation.

#### Veterans' Craft

Antioch Unit Veterans' Craft Chairman, Vera Horton, has a fine display of articles, made by disabled veterans, which make very nice gifts for Christmas, party prizes, or for your own personal use. These articles are reasonably priced and the money received from their sales is paid to the veterans who made them, helping to give a feeling of independence to these boys who gave so much for their country.

#### Reports of Chairmen

All chairmen of the Unit are asked to have their reports sent to their district chairmen before Jan. 5, to be included in the February District meeting report.

#### Christmas Party

The next meeting of Antioch Unit will be Friday, Dec. 13. This will be the Christmas party with gift exchange. Also a White Elephant grab bag will be on the program. Jennie Nevelier will be in charge of the evening's activities.

Thanksgiving week Chicago retail food markets feature the traditional holiday menu items at last week's continuing price levels. Poultry and pork are the major meat values. Fruits and salad vegetables are moderately priced. Lower food costs continue to be the factor in holding down your overall cost-of-living. Consumers can enjoy the economy and the plentiful season for—

### A Bountiful Thanksgiving

Based on Market Survey  
For Week of Nov. 25-30

## U. of I. Food Report

CHICAGO—Continuing lower retail food costs are the major factor attributed to halting—everywhere but in Chicago—a steady rise in cost-of-living.

Nationally, the consumer price index for October was unchanged from the previous month, the first time in 14 months that the country's living costs generally have not gone up. The Chicago index, however, rose 0.3 per cent.

Food costs are one good and sufficient reason for consumers to enjoy the Thanksgiving holiday. A national drop of 0.5 per cent in basic food costs was enough to stop rising indexes (although some other commodities went up slightly.) For Thanksgiving week, the University of Illinois consumer service weekly survey emphasized retail food values along traditional holiday menu lines.

Out-ranking other meat values for the week ending Nov. 30 is, of course, turkey which pricewise hasn't been lower priced in years. But for variety homemakers also can consider these additional bargains: pork loin roasts and chops, blade cut beef pot roasts, sirloin and round steaks.

Fresh fruits and vegetables continue moderately priced and well supplied—an exception being sweet potatoes and yams, shorter supplied and slightly higher priced at wholesale without reflecting at retail. Tomatoes dropped in price.

Of special note are cranberries, retailing below cost in many outlets.

Otherwise, the market tone measured regularly by the U. of I. is unchanged in value bargains and price patterns from last week's levels, and add up to an economical, bountiful Thanksgiving.

## Illinois Farm Bureau Adopts 17 Resolutions

CHICAGO — "Orderly abandonment" of present government production control programs, and substitution of a program "designed to adjust total agricultural production to market needs through a conservation approach," was called for by delegates to the 43rd annual meeting of the Illinois Farm Bureau.

In one of 17 policy resolutions adopted at the meeting, 519 farmer-delegates asked for a conservation program which would:

1. Establish a minimum soil conserving base for each farm producing grain or fiber producing farm. This minimum base acreage would be used only for forage or soil-building crops.

2. Permit unrestricted use of the forage or soil conserving crops on the minimum soil conserving base.

3. Encourage farmers to shift additional cropland, above the base, to conservation uses, by substantial government payments.

4. Prohibit use of this additional acreage shifted to conservation uses, for pasture or production for market, except in the event of disaster.

5. Permit freedom of use for acreage not included in the base or shifted to conservation uses. Acreage allotments for grain and fiber crops would be discontinued.

6. Provide price supports within limits to be fixed by law, to protect farmers against disastrous price de-

clines. Supports on all feed grains should be in proportion to their relative feed value.

7. Provide for orderly liquidation of farm products now in government storage—over a period of years, and in a manner which won't unduly depress current markets.

Delegates also asked for maximum export of agricultural commodities, and opposition to federal reclamation projects in a period when land already in cultivation is producing surpluses.

In further action, the representatives of the nation's largest Farm Bureau organization strongly opposed a \$248 million state bond issue which has been proposed for building and remodeling at the six state universities and other state institutions.

Delegates requested instead a ½-cent increase in the state sales tax for a period of five years—stating preference for a "pay-as-you-go" financing plan.

Another resolution approved at the meeting asked for a state income tax—to be substituted for a portion of personal property and real es-

tate taxes. All of the income tax money would go into the common school fund, with a proportionate cut in property tax.

"Property taxes, which provide the major part of local government support, have increased to a critical point," the delegates said. The greater part of the increase has gone for schools.

"Since considerable real estate and personal property is needed to farm, rural people are contributing far more than their fair share to support local government," the resolution points out.

#### Other adopted IAA resolutions:

1. Favor the amendment of judicial article of the state constitution, to be submitted to voters in November, 1958.

2. Oppose "racket picketing" by labor unions.

3. Call for legislative determination of the level at which property assessments are to be equalized.

4. Reaffirm opposition to federal aid to education.

"Paper Magic for Christmas" will be presented by Mrs. Henrietta K. Strott before the Antioch Woman's club at the meeting Monday, Dec. 2, at the Scout House on Main street. The occasion will be Guest Day and members will be privileged to bring guests.

The hostesses for the day are Mrs. Luliver Lasco, Mrs. Clarence Spiering, Mrs. William Cooper, Mrs. Raymond Hamilton, Mrs. Fred May, Mrs. J. A. DeStefano, Mrs. O. I. Onstad, and Mrs. W. J. Murphy.

There will be a meeting of the Board at 12:30 p. m.

## W. S. C. S. TO HOLD ANNUAL MEETING AND CHRISTMAS PARTY

The annual business meeting and Christmas party of the Methodist Women's Society of Christian Service will be held December 4 with a pot-luck lunch at 12:30. The meeting will be held at Wesley Hall. Mrs. John Quinn will lead the devotions. There will be special music consisting of Christmas carols. Instead of the regular exchange of the gifts, each guest is requested to bring a gift for either woman or man to be presented to the Methodist Old People's Home. Mrs. Sam Ries is circle leader chairman.

## ENIS GRADUATES FROM LEADERSHIP SCHOOL

Marine Pfc. Robert E. Enis, son of Mr. and Mrs. Vincent P. Enis of 603 Highland ave., Antioch, graduated Oct. 25 from the Non-Commissioned Officer's Leadership School, 1st Marine Division, Camp Pendleton, Calif.

During the four-week course the students received classroom and practical training in the maneuvering and handling of troops in leadership positions.

Additional instruction included phases of military science and tactics, compass marches, patrols and drill.

## RICHARD BEISER HONORED ON FOURTEENTH BIRTHDAY

Richard Beiser, eldest son of Mr. and Mrs. Nathan Beiser of Lake Villa, was pleasantly surprised when sixteen of his schoolmates from Prince of Peace dropped in to help him celebrate his fourteenth birthday anniversary.

The ladies have suggested you doing your Christmas shopping from the tables filled with hand made gifts, including dolls, aprons, towels, doll clothes, Christmas tree ornaments, wreaths and many other lovely things.

## ANTIOCH BUS CLUB TO HOLD DINNER MEETING MONDAY EVE., DEC. 2

The Antioch Business Women's club will hold its Christmas party and dinner meeting Monday evening, Dec. 2, at Adolph's Channel Inn. There will be entertainment following the dinner.

### Installed in DeMolay

Four Antioch boys were installed in office in the Order of DeMolay at Libertyville last Friday. Robert Wertz was made junior deacon; Gordon K. Volting, chaplain; Barry Van Patten, second preceptor; and James B. Berke, organist. Stuart R. Pohlman of Lake Zurich heads the chapter as master counselor, a post Robert Ward Terry held in 1956.

### Call Off Junior Play

Because of illness and adverse circumstances the Junior Class play at Antioch Township High School has been called off. The presentation was to be "Heaven Can Wait." This is the first time in many years that there has been no junior class play.

Misses Deedie and Mary Tiffany left Antioch Friday. They plan to spend Thanksgiving with their brother, Homer, at Dallas, Texas. After spending two weeks there they plan to spend the winter at San Antonio, Texas.

Miss Mary Shepard of William Wood College, Fulton, Mo., and Walter Shepard of the School of Mines, Rolla, Mo., arrived home today to spend Thanksgiving holidays with their parents, Mr. and Mrs. H. E. Shepard.

## J. C. Smiths Observe Fiftieth Anniversary

Mr. and Mrs. James C. Smith of Grass Lake, Antioch, were honored guests at a family gathering, Nov. 18 at the home of their daughter and husband, Dr. and Mrs. Charles W. Brewer of Evanston, in celebration of their golden wedding anniversary. The Smiths, formerly of

Mr. and Mrs. J. C. Smith

Evanston, moved to Antioch in 1943, but had been spending their summers at the lake for the past forty years.

Besides Mrs. Brewer, the couple has three other children: Mrs. William R. Supernaugh of Boulder City, Nevada, Peter P. Smith of Forest Park, and Mrs. Joseph E. Sanhamel of Antioch. There are seven grandchildren, Shelly Brewer, Billy Supernaugh, Peter and Patty Smith, and Tom, Jim and Jack Sanhamel.

## Salem F.H.A. Starts Old Clothing Drive

Beginning Monday, Dec. 2, Salem Central High School will hold a clothing drive. This will be a part of World Clothing week, a project to collect clothing, shoes, and bedding for needy children and adults in the United States and 33 countries overseas. These gifts add more than 22,000 orphans in 250 orphanages operated or assisted by the Christian Children's Fund.

World Clothing week will continue here through Friday, Dec. 6. The F. H. A. which is holding the drive has asked that every family in the area gather up all its outgrown and not needed clothing and send it to school before Friday. The F. H. A. girls would appreciate it if you would try to get the clothes to school before the week of the drive so that they can be sorted and mended. The only requirement for these clothes is that they be clean and in good state of repair.

Mr. and Mrs. Raymond Hills and children of Woodstock, Mr. and Mrs. Donald Hills and daughter and Mr. and Mrs. Walter Hills, Jr., of Cross Lake will be guests of their parents, Mr. and Mrs. Walter Hills, Sr., Thanksgiving Day.

## ANTIOCH GARDEN CLUB TO SPONSOR GARDEN SHOW

The Antioch Garden Club met at the home of Mrs. Harry Miller, Monday afternoon. Mrs. Walter Laurrell served as co-hostess. The meeting was opened by the president Mrs. Edward Dompke, with "My Garden Prayer." Plans were made for a Christmas party to be held December 16 at the home of Mrs. Dompke, with Mrs. Louis Biel and Mrs. Fred Oschmann assisting. The Green Thumb Garden club will be guests.

A discussion was held on sponsoring a Garden show during the month of August, when several homes will be visited. Mrs. John Wagner has been appointed general chairman of the affair. Mrs. Edward Jacobs gave an interesting talk on vegetable and flower arrangement, making a beautiful table centerpiece of vegetables, which was presented to Mrs. Norvin Stoffel. A number of the group plan to go to Honey Bear Farm Dec. 2. Anyone desiring to go will be welcome.

## Salem Students Enter 1958 Essay Contest

Seventeen students have entered the \$2525 essay contest of 1958 which is open to all Wisconsin high school juniors and seniors. The title of the essay is "How Hiring the Handicapped Helps You and Me." This essay must be original in all respects and must be on the assigned topic. Mr. Doone and Mr. Ferraro are in charge of the contest at Salem Central High School.

Plan Ping Pong Tourney  
At the November meeting of Salem Central's Schoolmaster's Club, the membership decided to sponsor a ping pong tournament, one for boys and one for girls attending Central High school.

Matches will be held during both noon hours. The winners of two out of three games will advance to the higher brackets. The finalists will have their names inscribed on separate trophies which will remain in the school trophy case. Final plans for the tournaments are still pending.

## ALTAR AND ROSARY SOC. TO HEAR FR. HENDERSON SPEAK ON EUROPEAN TOUR

The Altar and Rosary Society of St. Peter's church will hold its next meeting on Monday, Dec. 2, at 8:15 p. m. in the church hall. All the ladies of the parish are invited to attend. An interesting feature of the evening will be a talk given by Father Henderson on his recent tour of Europe. He will also show slides taken during the trip.

Hostess for the evening will be Mrs. Robert Gross and assisting her will be Mrs. Glenn Pierce, Mrs. Charles Geist, Mrs. N. Schreiber, Mrs. Thomas Chase and Mrs. Paul Zelen, Jr.

This will be a Christmas party but there will be no grab bag. Fr. Henderson will give each lady attending a special gift from Rome.

Rosary and Benediction will be in the church at 7:45 p. m. before the meeting.

### EVE-G. W. S. C. S. CIRCLE TO HOLD CHRISTMAS PARTY

The next meeting of the "Esther" Evening Wesley Circle will be a Christmas meeting at the home of Mrs. Wilda Allner, 1082 Victoria st., Antioch.

In lieu of the usual Christmas "grab bag" gift, it has been decided to use the money ordinarily spent to buy a gift for the Methodist Church nursery.

A daughter was born to Mr. and Mrs. Charles Rickman of Antioch.

## "SOUNDS OF CHRISTMAS"

The Frank G. Hough Co. Chorus will present its annual Christmas program at Highland Grade School in Libertyville at 8 p. m. Sunday, December 8.

The program, entitled "Sounds of Christmas," will be performed by the chorus under the direction of Arthur Quinn and accompanied by Joan Maclean. This year's presentation, complete with script, staging and lighting, will feature Fred Waring's "Twelve The Night Before Christmas," followed by traditional Christmas music familiar to all. Admission will be free and the general public is invited.

Organized in 1950, the Frank G. Hough Co. Chorus has appeared in special concerts throughout Northern Illinois in schools and churches, on radio and TV, and at the 1957 Chicagoland Fair and Gilson Park Bowl in Wilmette.

## YOPP IN MEXICO

Ralph Joseph Yopp, son of Mrs. Marie Schmidt, Rural Route 3, Antioch, is among the more than 700 Americans now studying at Mexico City College.

The international good will created by American youths studying in Mexico is immeasurable according to both Mexican and United States educators and officials. In this respect, Mexico City College, the only English language college south of the border, is doing much to further friendly relations between the two countries.

Yopp is majoring in business administration at Mexico City College. He was graduated from Antioch Township High School in 1951. Yopp is a veteran of two years' service with the Army in the Far East.

There are at present more American students at Mexico City College than at any other university abroad according to a report from the Institute of International Education. Second largest American group is at the University of Paris.

## MOOSE TOPICS

### Coming events—Bowling League party Saturday, Nov. 30, 9 p. m.

The feather party held this past Saturday was well attended. A good time was had by all. The poultry some of the people took home was enough for starting a small turkey farm. Dancing was to the fine music of the Mel O' Larks.

The lodge is endeavoring to have entertainment every Saturday night. Members and their guests are always welcome.

The bowling party Saturday, Nov. 30, will be packed with fun, games and dancing. A broiled chicken lunch will be served at 9 p. m. Come in casual dress.

The Antioch Ritual Team was invited to put on its work at Zion-Benton Sunday and, as usual, they performed with precision. The team is rated as one of the top teams in the entire third district of Illinois. The chairman, Lester Palmer, is proud of his staff.

### Plan Christmas Party

The Antioch Homemakers have made plans for a Christmas party to be held Dec. 12 at the home of Mrs. C. E. Hennings.

### Recovering From Surgery

William Grey is recovering from surgery in West Suburban hospital, Oak Park, where the operation was performed last week.

## Newport Twp. Also Wants Unit System

Newport township citizens are making their own move to form a unit school system.

Although their high school students are split up among Antioch, Warren, and Zion-Benton township schools, the residents of that township envision a not too distant future when the area will be so thickly settled that a high school will be needed, and they are setting up the stage for it now under a unit system.

Donald J. Reckinger, of Timberland Trail near Zion called one meeting three weeks ago at the Newport Grade school when the plan was proposed, and he says additional meetings will be called after the first of the year.

Reckinger says Newport Township residents have been told that the unit system eventually will be universal in Illinois and that they should prepare for it now.

## Co. Township Officials Organize State's First Assessors' Association

Preliminary to a long term program designed to modernize and improve assessment procedures, Lake County's 18 township assessors have taken steps to incorporate the state's first organized assessors' association.

A constitution and by-laws of the unique new body were adopted at a meeting held at the Hotel Farman in Lake Zurich, Friday, Nov. 8, and the following officers were elected:

William Pittinger, chairman (Assessor West Deerfield Township); Rudolph E. Nagler, vice chairman (Cuba Township Assessor); Mrs. Mary Reilly, Secretary (Chief Deputy Assessor, Libertyville Township); and, Clarence D. Black, Treasurer (Assessor Lake Villa Township).

According to Article 2 of the association's constitution "its object shall be to assist all assessors in Lake County to do an improved job in assessing real and personal property—to exchange ideas through meetings and bi-monthly bulletins to help assessors in performing their duties officially and within the prescribed time limits."

"The need for modernization in assessment procedures and practices has been evident for a long time," Chairman Pittinger said following the organization meeting. "Our association will make every effort to develop a program which will be for the benefit of our Lake County taxpayers. Progress will be reported through bulletins and press releases."

## Two Central Players On All-Conference Football Selections

Two members of the Salem Central High School football team were placed on the All-Braveland conference eleven.

Dave Poisl, captain and 160-pound guard and Art Perry, 200-pound fullback, were picked for the mythical team by Joe Toman, Watertown sports editor after interviewing conference coaches.

Coach Dorm Grams said Poisl was far the best player in the league, and other coaches seemed to think so too. He praised Gerry for making a comeback after two seasons of injuries to become a great ground gainer.

Dick Skora, end, and Dick Weber, halfback, were placed on the mythical second team. All are seniors.

## BOWLING

## County Residents Buy \$506,779 U.S. Bonds

Lake County residents purchased a total of \$506,779, in Series E, and II United States Savings Bonds in October, according to a report received from the Savings Bonds Division of the United States Treasury Department by Volunteer Savings Bonds County Chairman, James E. Brown of Waukegan.

Purchases of both Series in the state of Illinois were \$32,571,381, in the month, less than one-half of 1 per cent below sales for last October, according to T. Merle Paul, State Director of the United States Savings Bonds Division for Illinois. Total purchase in the calendar year, January through October, amounted to \$351,954,842.

National sales for the month totaled \$336,880,000; Illinois accounted for 9.7 per cent of all sales in the nation in the month.

## Gems of Thought

### ABILITY

The ablest men in all walks of modern life are men of faith.—Bruce Barton.

A buried talent is never a buried treasure. Talents become treasures only through use.—H. Rupert.

The winds and waves are always on the side of the ablest navigators.—Edward Gibbon

Although men are accused of not knowing their weakness, yet perhaps a few know their own strength. It is in man as in soils, where sometimes there is a vein of gold which the owner knows not of.—Jonathan Swift.

A knowledge of the Science of Being develops the latent abilities and possibilities of man.—Mary Baker Eddy.

There is something which is much more scarce, something finer far, something rarer than ability. It is the ability to recognize ability.—Elbert Hubbard

STRENGTH FOR THESE DAYS

from the Bible

Come now, and let us reason together, saith the Lord: though your sins be as scarlet, they shall be as white as snow....—(Isaiah 1, 18.)

No man should ever lose heart, hate himself for the wrong things he has done—for God, Our Father, is ever merciful to forgive His truly repentant children, and to give them a new, clean chance to begin again.

My Neighbors

"You're darn right she'll give milk—just tell her the market price of beef!"

In World War II there was a rumor (perhaps started deliberately for the benefit of the Germans) that our night flyers were improving their vision by eating lots of carrots, which contain Vitamin A. It was not true since this vitamin won't make normal vision better. It is a fact, however, that it will help cure night blindness caused by malnutrition.

## Coroner Babcox Calls For Careful Driving During Christmas Rush

Coroner Robert H. (Mickey) Babcox told members of the Lions Club to be careful during the holiday traffic which he fears will mean a number of fatal accidents.

Coroner Babcox said that most serious accidents result from persons driving while intoxicated, or while under fatigue.

"If you are tired and sleepy, you had better stop and rest a while," Babcox said. He advised coffee breaks for the person traveling a great distance.

Babcox showed pictures of Lake County fatal accidents, some of which were gruesome.

The talk was given following a smorgasbord dinner meeting of the club at Smart's Country House Monday evening.

In the business session the club upped its dues from \$12 to \$24 a year. The Ways & Means committee is giving consideration to promoting sports car racing on ice at Antioch lake in a fashion conducted at Silver lake. The event would be in February.

A committee comprising Jack Fields, chairman; Richard Harland, Everett Otfedahl, Joseph Patrovsky, and Clarence Olson will arrange for the next Ladies Night meeting.

## THE VOTERS SAY

In a nation-wide poll, Dr. George Gallup and his survey teams found that if it were left to the voters to decide in a referendum whether states should have "right-to-work" laws, the odds would heavily favor their widespread adoption. More than six out of every ten voters, or 63 per cent, said they would vote for such a law.

## North Prairie to Vote On Sale of Building

North Prairie School District 2 will vote on Dec. 7 whether or not to sell the old 40-year-old school building. If approval is given the auction will be conducted by the Lake County Board of School Trustees. The old building is in sight of the new \$47,388.48 three-classroom building on the east side of Kenosha road.

**Lindenhurst**

Mrs. John Selzer, Correspondent  
Telephone Elliot 6-1172

The Lindenhurst Teen Club will hold a pre-Christmas dance and party on Dec. 14, at the American Legion Post club house in Lindenhurst. Girls and boys of Lindenhurst and their friends from nearby communities are invited. Mrs. August Matthias, Thornwood Lane, is the matron in charge of arrangements and will have a corps of assistants to serve refreshments and act as chaperones. The party will be from 7:30 until 11:00 p. m. No admission will be charged and refreshments will be "on the house." Those who wish to attend are asked to contact Miss Mary Ploss, Miss Carol Plotzke or Mrs. Matthias, otherwise it is come-one, come-all.

The first hearing of the new zoning board of appeals of the Village of Lindenhurst will be held on Dec. 3 at 8 p. m. in the Lindenhurst Men's club on Grand Ave. Mr. and Mrs. Albert Lucas have petitioned the Village board to have their property fronting on Grand Ave. and Sand Lake Road rezoned from residential to business. The property is strategically located and at present is improved by the Lucas farm home and several outbuildings including a barn and a converted rental establishment occupied by a family. The property immediately to the west is already zoned for business from Sand Lake road to beyond Lindenhurst drive, fronting on Grand avenue, which is reserved for a shopping center and other businesses. A large section further to the west is zoned for industry. Mr. and Mrs. Lucas are represented by Atty. Thomas Pajunas, of Waukegan, and the Village lawyer is Atty. Ellis Fuqua. Harold Behrendt is the chairman of the Zoning Board of Appeals.

Lindenhurst need have no fear of being snowed-in this winter. Marvin Walker, whose establishment is nearby on Grand avenue just to the west, has been given the go-ahead signal by the village board of trustees to service the roads whenever a substantial snowfall warrants. Mr. Walker assures the villagers that only an Alaskan blizzard will prevent him from having the roads open for normal operation within a short time. In event of a disastrous snowfall, snowshoes can be rented from the Lindenhurst Police department on a per diem basis. When applying, give shoe size and weight.

Thanksgiving Day will bring home the entire family of Mr. and Mrs. Henry Ploss of Fairfield rd., Mr. and Mrs. Douglas Ploss of Bloomington, who will also bring her parents, Mr. and Mrs. John Quadman of Round Lake, James Ploss will arrive from St. Louis on Wednesday as will Thomas from Milwaukee. A daughter, Mrs. Donald Owens, of Jacksonville, Fla., is a guest while her husband is serving with the 6th fleet, U. S. Navy

in Mediterranean waters. Rounded out by daughter, Mary, at home, the Ploss' table will once more be completely occupied and two turkeys will be reduced to shambles in short order. This event will also mark the thirtieth wedding anniversary of Mr. and Mrs. Ploss.

The Prince of Peace Holy Name men wish to say thank you for your wonderful cooperation in making their dance the wonderful success it was. There was a large crowd at the dance and everyone appeared to be having a real good time.

Don't forget the paper drive put on by the Prince of Peace schoolchildren this Saturday. Please tie it in bundles and place it at the end of your drive. If this isn't possible, please call: R. Koenig, El. 6-4001; B. Mitchell, El. 6-7951; H. Dirksen, El. 6-6308; F. Wolfe, El. 6-4427; L. Warchol, El. 6-2331; or V. Reidel, El. 6-4951.

**Tax Facts**

Appointment of John L. Davidson, Jr., General Counsel for the Wabash Railroad Company, to head up the State Government Committee of the Taxpayers' Federation of Illinois was announced today by E. W. Emery, Federation president. The committee is composed of civic and business leaders. It meets regularly to direct staff research and to develop recommendations for the Federation's Executive Committee on State government affairs.

Davidson brings a rich background of experience and information to his new post. He attended Harvard University, the University of Chicago and received his LL.B. from Northwestern University Law School in 1940. He is a member of the Chicago, Illinois and American Bar associations.

He has been a newspaper reporter and saw active duty with the United

States Navy during World War II, where he achieved the rank of Lt. Commander. In addition to the private practice of law, Davidson served earlier as General Attorney for the Chicago and North Western Railway. As First Assistant Attorney General for the state of Illinois from 1952 to 1956, he was cited by the Taxpayers Federation for his contributions to administrative reforms in that office. Married to the former Sara Jane Woodard of Oak Park, the Davidsons are the parents of three children.

The State Government Committee has in the past studied and recommended solutions to problems in the fields of public aid administration, state mental hospital management, state-supported higher education, and state fiscal controls. It was this committee which in 1952 recognized dangers in the lack of state fiscal controls. As a result it made a series of recommendations,

many of which are found in the Morey-Jenner Report.

Post Chairmen of the committee were Joseph Pols, a former Director of the Illinois Department of Finance and the late Richard C. Brandt, Partner, Arthur Andersen & Co. Other research committees of the Taxpayers' Federation of Illinois include those on education, municipal problems, personnel management, and pensions. The Federation's interest in better government at the Federal level is voiced through its Hoover Report Division.

## SINCLAIR's Monthly Payment BUDGET PLAN

Levels Your Heating Oil Bills!

You usually purchase about 83% of your yearly heating oil supply in a 5-month period — November through March — according to recent surveys. But Sinclair's Budget Plan levels out your payments over a period of 10 months. No more high bills during the peak heating season! Instead, you pay much smaller monthly amounts over a period of 10 months. And the Sinclair Budget Plan is simplicity itself — no record or payment books to keep... you receive a monthly statement of your account. Write or phone now for a Budget Request Card.

No Interest Charge • No Carrying Charge  
You pay nothing extra!

## HOW DOES IT FEEL TO PLAN FOR A COFFIN?

40,000 heartbroken  
families will know—  
because of traffic  
accidents this year,  
unless all of us do  
something about it!

Here's How You Can Help  
Stop Traffic Deaths Now

1. Drive safely and sensibly yourself. Keep alert. Watch traffic and pedestrians. Observe speed limits and warn-  
ing-signs. Where drivers are careful and obey the law,  
deaths go DOWN!
2. Insist on strict enforcement of all traffic laws in your  
community. Traffic regulations work for you, not  
against you. Wherever traffic laws are strictly enforced,  
deaths go DOWN!

## Hi-Fi Pickup Aids Recording of Sounds Made By the Heart

CHICAGO—High fidelity, so precious to the record collector and audio engineer, is also the goal of those who hear and record the sounds of the heart as an aid to the diagnosis of heart disease. At the opening session of an American Heart Association four-day scientific meeting, a new device was described that promises ultra high fidelity in recording, from the outside of the chest, faint heart sounds or murmurs not now detectable by methods in common use.

The device is a special "pickup" developed through the collaboration of a medical scientist, Dr. Dale Groom of the Medical College of South Carolina, and an engineer on the scientific research staff of General Motors, Yro T. Sihvonen. It looks something like a stainless steel microphone or small bell. So sensitive is the pickup, said Dr. Groom, that it has been used only in a special sound-proof "room within a room," built within the hospital laboratory out of steel and fiberglass and mounted on shock absorbers.

In this environment, completely noiseless to the ear, murmurs could be heard and recorded from the hearts of virtually all normal subjects (mostly medical student volunteers), said Dr. Groom. These murmurs, the significance of which is not known, were similar to murmurs heard by other investigators in normal subjects from the inside of the heart when a tiny microphone has been maneuvered into its chambers at the tip of a catheter or thin tube. With the new pickup, Dr. Groom pointed out, such faint sounds can now be recorded from the outside of the chest.

## Be Prepared for Winter Ailments

TOLEDO — With Asiatic flu an added factor the winter season may be a severe one for respiratory illnesses.

When illness strikes, most families follow the recommended routine of telephoning a physician, getting the patient to bed, keeping him warm, etc., but too often they don't have in their medicine chest items important in aiding the comfort and recovery of the patient.

Surprisingly, many homes do not even have a thermometer.

Other non-medical items which should be handy in every home when common winter illnesses strike are:

An atomizer for spraying nose and throat passages with a recommended medication to relieve congestion and soreness.

A vaporizer to provide steam which relieves coughs and sore throats, helps clear congestion and eases the discomfort of fever periods.

An ice bag for cooling a fevered patient and a hot water bottle to help overcome chills.

Alcohol or other antiseptic for washing and sterilizing.

## Photographic Technique Aids Shock Wave Study

LOS ANGELES—A photographic technique known as a "spark shadowgraph" that freezes action at less than one-millionth of a second, is making possible detailed studies of air shock wave movements such as those that might follow A- and H-bomb explosions.

The studies are being carried out under the direction of Dr. Benedict Cassen of the Atomic Energy Project of the University of California, Los Angeles.

Refraction by air density along the shock wave front causes the wave to appear in photos as a dark line followed closely by a white one. As the shock wave dissipates the line becomes fainter.

Shock wave effects on tiny models of sky-scrapers, shelter trenches, terrain features and civilian bomb shelters in an experimental blast tube were photographed. Shock waves were shown to "bounce off" model skyscrapers but then to continue through with lessened intensity. They penetrated down into trenches even with parapets in front. The bottom of a shock wave going up a hill becomes a "Mach" jet that darts out in front of the wave's main line.

## Catastrophes Took More Lives in Past 1/2-Year

NEW YORK—Catastrophes—accidents in which five or more persons are killed—took approximately 1,200 lives in the United States during the first half of this year, it is reported by statisticians.

The toll of lives lost was higher than for the corresponding period of any year since 1947.

This unfavorable record reflects in large measure the heavy loss of life caused by hurricane Audrey, which struck Louisiana and eastern Texas in late June and left approximately 350 known dead and a considerable number of persons still reported as missing.

## Letter Urges Non-Use Of Liquor in Christmas Parties for Safety Sake

A copy of a letter sent to Lions, and other service clubs, chambers of commerce, posts of veterans organizations, and business organizations by the Lake County Safety Commission has been furnished this newspaper by A. L. Schbieg, chairman of publicity, for publication. The letter states:

"The Lake County Safety Com-

mission was organized with the idea in mind of working with the co-ordinating efforts of all Safety Commissions in Lake County in an all-out effort to cut down our alarming and unnecessary accident toll and save lives whenever possible.

"The Commission was alarmed at the statistics provided by the National Safety Council, showing the tremendous increase in accidents involving the use of alcohol during the Christmas holidays over other periods of the year. For example, the period from 1 through 23 Decem-

ber 1956 showed that alcohol was involved as a major cause in 8 per cent of the accidents. For the period from 23 December 1956 through 2 January 1957, alcohol was credited with being the major cause of 44 per cent of the accidents. This percentage dropped down again in January and later months. The Commission is making an all-out effort to solicit the cooperation of all civic minded persons to prevent this from happening in Lake county during our Christmas holidays in 1957.

"The Commission has suggested

as a slogan for our Christmas parties throughout the county "Coffee and Cake—for Safety Sake." Shop, store and business owners together with our large manufacturers and industrialists are urged to spread this philosophy through their organizations and to promote safe and sane Christmas parties sending their employees and friends home safely to their families.

"The Commission invites your cooperation and asks that you and your members make this program your "December Project." Enclosed

you will find pledge cards to be distributed to your members. Please urge your members to fill in, sign and return the pledge cards as soon as possible. Their participation in the program will be acknowledged publicly and a Christmas Program Sticker will be forwarded to them to display in their doors or windows.

"Again, may we urge your active support in assisting our safety minded citizens in making this Lake County's safest and happiest Christmas."
